

Professional Range Instruction Simulator Suite™

# INSTALLED TRAINER™

*"Realistic simulation training in the classroom."*

## Laser-based Judgement Trainer

PRISim Suite® Installed Trainer is a judgement evaluation and force options training system, loaded with training features to meet your needs. By design, it creates a safe, effective and realistic learning environment for law enforcement, military and security professionals.

PRISim Suite Installed Trainer places participants in an interactive environment where they must overcome potentially deadly mistakes, indecision, sudden fear, partial understanding, blind-side surprise, eye-blink response and life or death choices.

PRISim Suite is a training tool that promotes positive learning and skills that are difficult to recreate by other training methods.

*Dry Fire weapons and optional Integrated ShootBack Cannon*
