

Professional Range Instruction Simulator Suite™

PORTABLE TRAINER™

"Portable and cost-effective."

PRISim® Portable Trainer is a judgement evaluation and force options training system, loaded with training features to meet your needs. By design, it creates a safe, effective and realistic learning environment for law enforcement, military and security professionals.

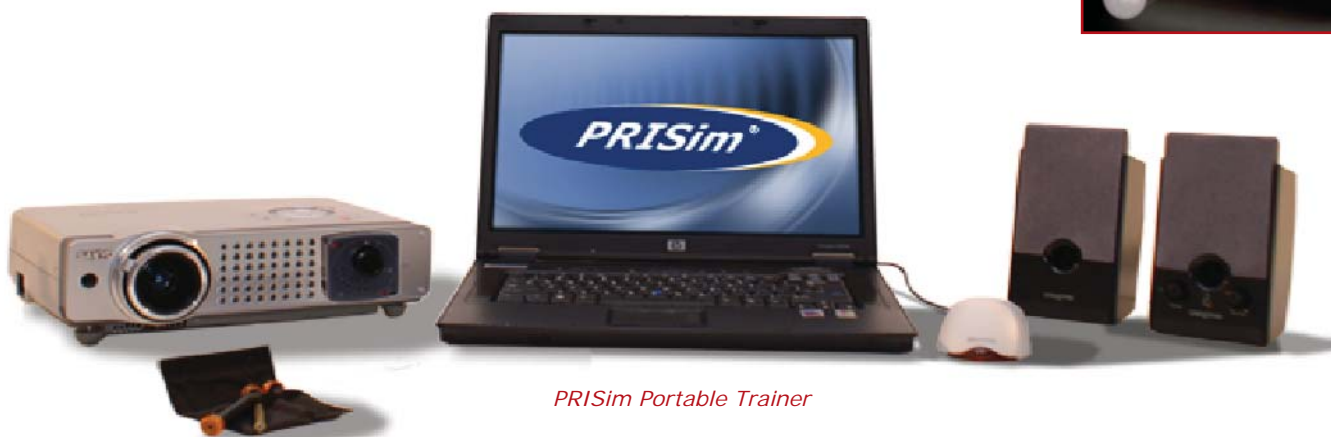

This cost-effective training system is portable, easy to use, quick to deploy and simple to transport. Integrated components allow trainers to set up the PRISim Portable Trainer in as little as 15 minutes.

PRISim Portable Trainer comes standard with over 400 pre-installed branching scenarios to meet your training requirements.

Train to win with PRISim Portable Trainer.

PRISim with optional Integrated ShootBack Cannon
